

DİŞ 2.SINIF
DENTAL MATERIALS
SLAYTLARI
2021-2022

İÇİNDEKİLER

1-) Structure of Material	1
2-) Mechanical and Physical Properties of Dental Restorative Materials	9
3-) Biocompatibility	25
4-) Optical Properties	37
5-) Liners and Bases.....	41
6-) Pulp Capping Materrials	55
7-) Dental Amalgam.....	69
8-) Amalgam Safety	83
9-) Glass Ionomer Cements	91
10-) Advances in Glass Ionomer Cement	101
11-) Compomers	111
12-) Release and Toxicity of Dental Resin Composites	115
13-) Adhesive Dentistry	121
14-) Adhesion Dentin.....	131
15-) Classification of Adhesive Agents	141
16-) Luting Cements.....	151

17-) Dental Resin Composites For Direct Restorations	167
18-) Light Curing in Dentistry	181
19-) Advances in Dental Restorative Resins	195
20-) Dental Waxes	215
21-) Metals and Dental Alloys.....	221
22-) Tarnish & Corrosion.....	231
23-) Casting - Investing	239
